## *Ghawazee Dance Workshop*

Find out all about these mysterious women who danced, sang and made money! You will find out background information about the ghawazee dancers. You will receive handouts of background information and pictures of ghawazee dancers. Then we'll warm up and learn some combos from Mas Uda's choreography to Nado. Next we'll move on to put the moves into the choreography. You will learn the zill patterns for this specific dance as well as tambourine to highlight the music.

Pre register to assure yourself of receiving the handouts.

For further information on both the workshop and hafla dance slots (featuring both live music and CD performances), check the events tab listed on Mas Uda's Facebook page at <https://www.facebook.com/MasUdaDancers5840>
