COMMUNITY SUSTAINING FUND OF THURSTON COUNTY

Providing grant support for progressive, community-oriented projects in Thurston County for nearly 30 years.

About

The **Community Sustaining Fund** (CSF) provides micro-grants to individuals and groups that are engaged in fostering social justice, environmental education, and community activism through innovative means and creative collaborations.

Leadership Group

CSF is a completely volunteer-run organization, committed to principles of consensus-based decision-making. The **Olympia Food Co-op** Board has designated a permanent CSF Liaison position. We are always seeking new board members who can bring their time, energy, and enthusiasm—contact us at our email: thurstoncsf@comcast.net

Funding Sources

Most of CSF's funding comes from **Olympia Food Co-op** members who 'round up' when shopping. CSF is also supported by businesses and individuals through direct donations, 'shop for a cause' days, & local fundraising events.

"The Community Sustaining Fund is an engine of creation!"

Gail O'Sullivan, Fertile Ground Guesthouse (2013).
