**This year marks CSF's 25<sup>th</sup> year. Come join us for an evening of celebration, recognitions and the movie, "Beginners." The film is the fictional story of an older man who chooses to come out to his son later in life & live as an openly gay person. Selected by current CSF Board Members as a celebration of the recent passage of Marriage Equality in WA State and acknowledgement of the importance of continuing the struggle for LBGTQ civil rights.
